

AFTER-SCHOOL ENRICHMENT

NEWSLETTER

Welcome!

Summer may be over, but the fun is just getting started! Our Enrichment programs at Whitman Middle, Hanson Middle, and Whitman-Hanson High School launch at the end of the month, & we're ready for another year of hands-on learning, creativity, and new adventures. We had such a blast this summer (scroll to check out some highlights!) and **we can't wait to keep the momentum going.**

AFTER SCHOOL.**

What is **ENRICHMENT?**

Our FREE After School Enrichment Program offers a variety of clubs, activities, & academic support designed to spark creativity, build skills, & reinforce classroom learning in a fun, engaging way.

With flexible scheduling & a late bus service at 4:00 PM, students can explore their interests & discover new passions while having a reliable way home.

Ignite Your Potential:

SUMMER ENRICHMENT '25

What a summer!! This year's Summer Enrichment Program was a huge success. With record enrollment, students were busy designing and building prototypes in Novel Engineering, dancing their hearts out, cooking delicious recipes, and tending to school garden. Thursdays were full of adventure, from exploring nature at the Blue Hills Trailside Museum to scavenger hunting at Plymouth Waterfront (with ice cream, of course!). Most importantly, our students discovered new interests, made friends, and had a summer full of learning and fun.

CLUB SPOTLIGHT

Gamers, this one's for you! The E-Sports Club at Whitman Middle and Whitman-Hanson High School gives students a chance to level up their skills, compete in tournaments, and connect with teammates who share a passion for gaming. Whether you're in it for fun or competition, this club is all about strategy, teamwork, and community.

THE FUTURE STARTS TODAY. NOT TOMORROW

YAY! IT'S SEPTEMBER 🍁

As I sit here writing this, I can't help but smile thinking about the amazing summer we just wrapped up and the exciting fall ahead of us.

This year's Summer Enrichment Program truly exceeded all our expectations. With record enrollment across all our sites, our students dove headfirst into hands-on learning experiences that will stay with them for years to come. Watching students uncover new interests, build confidence, and form lasting connections with peers was the highlight of my summer. What an incredible journey we've had!

Our After School Enrichment Programs at Whitman Middle, Hanson Middle, and Whitman-Hanson High School kick off at the end of this month! These **FREE** programs give students the chance to dive into clubs, activities, and academic support—all while exploring new interests and building connections. With flexible scheduling and a reliable 4:00 PM late bus, we're removing barriers and creating opportunities for every student foster curiosity and independence.

What I love most about our enrichment programs is how they go beyond just activities and clubs. Students are discovering new interests, building lasting friendships, and gaining the confidence and curiosity that will support them in school—and in life. Whether a student is joining our E-Sports Club to level up their gaming skills and strategic thinking, or participating in one of our hands-on STEM programs, they're developing the 21st-century skills that will prepare them for whatever path they choose.

Come join us!

If you haven't registered yet, there's still time! Registration deadlines are approaching fast:

- September 18th for HMS & WMS students
- September 22nd for WHRHS students

Don't let your child miss out on being part of this incredible community where learning meets fun, where friendships are formed, and where every student has the chance to shine. Here's to another fantastic year of growth, discovery, and endless possibilities!
